The Team Beans Fund is supporting Dana-Farber's new Infant Brain Tumor Program within the Pediatric Brain Tumor Center at Dana-Farber/Boston Children's Cancer and Blood Disorders Center. This specialized, comprehensive research and clinical program spans multiple disciplines—cancer biology, computational biology, neuro-oncology, neuropathology, neurosurgery, and more—and is laser-focused on the treatment and care of the youngest of children.

### About Teens help Teens:

*Teens Help Teens at Vault is founded by the Ellis sisters. The mission of Teens Helping Teens is to unite local teens to participate in community service activities designed to help other teens. Each month, Teens Help Teens will invite in an expert to Vault Fitness to speak to the group on their area of expertise. The teens will work together as a team to raise funds or goods for the monthly cause.*
